

BENONE TABLE

144" L x 54" W x 30" H as shown

Custom sizing available

The Benone Table features cast bronze bases that are only partially polished in order to highlight the imperfections that evidence the burnt earth that once surrounded them during the casting process. Its top, by contrast, is finished smooth and in your choice of material and color. Shown in oval with knife edge. Featured in the Presidential Suite of the Hotel Bel Air.
