

## MALBEC TABLES

24" Dia x 18" H as shown

Custom sizing available

We found our first set of Malbec Tables in a small vintage shop in Buenos Aires in 2002 and sold them instantly. We've since reproduced the design using recovered wood, but to this day, no two are quite alike. If not ordering as a pair, please specify wheel (left) or square (right) when ordering. Available in any wood and optional metal accents.
